

INSTALLATION SHEET

Foil Bubble Concrete Barrier

PRODUCT: Ultra Under Concrete Barrier

Ultra Under Concrete Barrier

Benefits:

- Quick, clean and easy to install
- Eliminates dampness
- Provides reflective barrier against heat gain or loss
- Keeps floors warmer
- Excellent vapor and radon barrier

Installation Method:

1. Unroll Ultra Concrete Barrier over concrete floor.
2. Seal all seams with 3" wide Foil Tape.
3. Install carpet as typical installation.

IMPORTANT: Concrete must be sealed.
